Head of Department (HOD) Name: _____

Contact Details: _____

CP Contest

Event Description

- This contest is designed to push participants to their limits in a single round of intense problem-solving.
- Each participant will face a curated set of 5 problem statements — 2 easy, 2 medium, and 1 hard — of increasing difficulty.
- A live leaderboard will display rankings throughout the contest, with the final standings determining the winners.
- The event emphasizes coding accuracy, logical efficiency, and the ability to perform under sustained pressure.
- The contest is open-book: participants may refer to their own physical books and notebooks, but no internet access is allowed.
- The contest will be proctored throughout to ensure fair play.

Eligibility Criteria

- Open to students from any department and college.
- Participation is strictly individual — no teams.
- Prior registration is mandatory.
- Proficiency in at least one programming language (C, C++, Java, or Python) is required.

Rules & Regulations

1. Participation Guidelines

- Each participant must compete independently, with only one system per participant.
- The contest is open-book: printed books and personal handwritten notebooks are allowed for reference.
- No internet access, AI tools, or online references are allowed at any point.
- The contest will be proctored throughout; proctors may inspect any physical material brought in.
- Participants must maintain discipline and adhere to contest guidelines.

2. Event Format & Rounds

- The contest will have one round consisting of 5 problems: 2 easy, 2 medium, 1 hard.

- Suggested scoring: Easy — 100 pts each, Medium — 200 pts each, Hard — 300 pts.
- Total contest duration: 2 hours.
- In case of a tie on score, the participant with the earlier last-accepted-submission time is ranked higher.
- The leaderboard will update live based on submissions.

3. Evaluation/ Scoring Criteria

- Accuracy: Correctness of the submitted solutions.
- Speed: Faster correct submissions rank higher.
- Points Awarded: Based on the difficulty of each problem solved (Easy/Medium/Hard weightage above).
- Ranking System: Higher total score ranks higher; ties broken by earlier submission time.

4. Disqualification Factors

- Multiple registrations or impersonation.
- Plagiarism or sharing code/solutions with others.
- Use of internet access or AI tools.
- Bringing in or using unauthorized digital devices or materials beyond permitted books/notebooks.
- Misconduct or violation of contest rules.
