

FINWIZ

FINANCE CLUB

BID • TRADE • STRATEGIZE • WIN

DAY 1 | FINANCIAL MARKETS & MARKET MASTERY

Understand the Market. Decode the Signals. Prepare to Compete.

Day 1 of FINWIZ is designed as an immersive learning experience that takes participants beyond textbook concepts and introduces them to the way financial markets actually function.

Through interactive workshops, faculty-led sessions, practical demonstrations and an expert guest lecture, students will explore the structure of financial markets, understand different financial instruments and learn how market movements influence investment decisions.

WHAT YOU'LL EXPLORE

Financial Markets — The Bigger Picture

Understand how financial markets work, why they exist, and how they connect investors, companies, financial institutions and the economy.

Financial Instruments — Know What You're Trading

Explore major financial instruments such as equities, bonds, mutual funds, derivatives and other market-linked instruments, along with their purpose, features, risks and returns.

Market Participants & Institutions

Discover the role of investors, traders, companies, brokers, stock exchanges, regulators and financial institutions in keeping financial markets active and efficient.

Stock Market Fundamentals

Learn the basics of stocks, indices, market movements, buying and selling, price discovery and market valuation through practical examples.

News, Information & Market Movements

Understand how economic events, company announcements, government policies, global developments and market news can influence stock prices and investor sentiment.

From Information to Investment Decisions

Learn how investors interpret market information, analyse opportunities, assess risk and develop an investment strategy before committing their capital.

INTERACTIVE MARKET SESSIONS

The learning experience will go beyond conventional lectures through live market demonstrations, discussions, case-based activities and practical illustrations, helping participants connect financial concepts with real-world market situations.

EXPERT PERSPECTIVE

An industry/external expert guest lecture will provide participants with a practitioner's perspective on financial markets, investment decision-making and the realities of participating in the market.

WHY DAY 1 MATTERS

Day 1 builds the foundation required to approach the FINWIZ Stock Auction Challenge with greater confidence. Participants will gain the knowledge needed to understand market information, evaluate opportunities, think strategically and make informed decisions under changing market conditions.

LEARN THE MARKET. THINK LIKE AN INVESTOR. GET READY TO BID, TRADE & STRATEGIZE.

DAY 2 | THE FINWIZ CHALLENGE

Think. Analyse. Bid. Trade. Win.

Event Description

After building their understanding of financial markets on Day 1, participants step into the world of competitive finance on Day 2.

Day 2 is the FINWIZ Stock Auction Challenge—a multi-stage competition designed to test financial knowledge, analytical thinking, market awareness, strategic decision-making and the ability to respond to changing market conditions.

Eligibility Criteria

- Open to students from any department and college.
- Participation is team-based.
- Team size: 3 members per team.
- Prior registration is mandatory.
- Basic knowledge of financial markets is recommended but not mandatory.
- Registration Fees is Rs. 300 /- per team.

Event Structure

- **ROUND 1 — MCQ QUIZ**

A basic MCQ-based quiz will be conducted.

Questions will cover basic concepts related to finance, business, stock markets, and financial awareness.

Participants will be shortlisted based on their performance.

- **ROUND 2 — CROSSWORD**

Selected participants will proceed to the Crossword Round.

Participants will solve a basic finance/business-related crossword.

Performance in this round will determine qualification for the final round.

- **ROUND 3 — STOCK AUCTION**

The shortlisted teams will compete in the final Stock Auction Round.

News & Analysis

- News will be provided to all participating teams.
- Based on the news, teams can select the stocks and sectors they want to invest in.

- Teams can analyse the information and prepare their own investment strategy.

Virtual Capital

- Every team will receive ₹3,00,000 (₹3 lakh) virtual capital.
- The same amount of virtual capital will be provided to every team to ensure fair competition.
- Every team must maintain a minimum of ₹10,000 cash at the end.

Stock Auction Process

- The selected stocks will be auctioned one by one.
- Teams can place their bids for the stocks.
- The team placing the highest valid bid will win the stock.
- The stock will then be allocated to the winning team, just like a real-life auction.

Trading Rules

Auction Round 1

- Teams can BUY and SELL stocks.
- Trading decisions should be based on the news, analysis, and investment strategy.

Auction Round 2

- Teams can ONLY SELL or HOLD the stocks they already own.
- No new purchases will be allowed in Round 2.

Team Requirements

- Each team must bring at least one laptop for participation in the auction/trading round.
- Teams are responsible for ensuring that their laptop is charged and ready for use during the event.

Winner Declaration

- After the completion of the final round, each team's portfolio value and total profit will be calculated.
- The team with the maximum profit will be declared the WINNER of FINWIZ.
- The 1st Runner-Up and 2nd Runner-Up will be declared based on the next-highest profits.
- 🏆 Total Prize Pool: ₹15,000

Rules & Regulations

- Teams must use only the stocks/assets made available by the organizers.
- Participants must place trades only through their assigned team account.
- No sharing of accounts, passwords, or trading information between teams.
- All trades submitted within the specified round time limit will be considered final.
- Participants must follow all organizer instructions and fair-play protocols.
- Any technical issue must be reported to the organizers immediately.
- Organizer decisions regarding disputed trades will be final.

Evaluation / Scoring Criteria

- Final portfolio value / total return.
- Total profit generated through trading.

- Strategic stock and sector selection.
- Risk management and portfolio diversification.
- Performance across multiple market rounds.
- Ability to respond to market news within the allotted time.

Disqualification Factors

- Manipulating the trading interface or leaderboard.
- Using another team's account or credentials.
- Attempting to alter event data or system records.
- Trading after the round closes.
- Any unfair practice or unsportsmanlike conduct.
